BRYAN MYERS

INTRODUCTION

I am an experienced Front End Web Developer and team leader with a proven track record of quality results achieved quickly and accurately.

CAREER SUMMARY

Eleven years of professional experience in front end web development as a team lead using various front end technologies such as HTML, CSS, JavaScript and Git to maintain, update or build entire responsive websites from a design document. In addition to coding I have also optimized workflows at a team level and provided support, technical help, care and mentorship to junior developers on my team.

Diplomacy and Negotiation

WORK HISTORY

SENIOR FRONT END DEVELOPER | JULY 2015 – APRIL 2024

Delta Dental CA. The largest dental insurance company in the United States with more than 45 million subscribers

- Led a team of up to four other web developers providing mentorship, training, technical help and team coordination
- Conducted technical job interviews
- Consulted with stakeholders on best practice implementations and technologies to choose for their projects
- Did feasibility consultations with designers
- Turned Figma and Photoshop designs into pixel perfect responsive web pages using HTML, CSS and JavaScript for public facing and also inward facing c-suite projects
- Ensured our pages met 508 compliance goals for accessibility
- Created and maintained proprietary frameworks and templates for my team to use
- Wrote a 100% 508 compliant custom video player from scratch using JavaScript and JQuery
- Created 100% custom Wordpress themes for the company blogs
- Handled a personal task pipeline that frequently exceeded 30 to 50 concurrent requests while completing over 99% on deadline

LEAD FRONT END DEVELOPER (CONTRACT POSITION) | AUGUST 2014 – JULY 2015

Delta Dental CA

- Developed the front end for the Dentegra Smile Club website which was a new business unit using HTML, CSS, JavaScript and jQuery
- Coded to strict semantic and pixel perfect responsive design standards
- Quickly learned Liferay CMS which was to host the website
- Used innovative JavaScript code to promote popular blog articles by changing their icon size without creating breaks in the line

VIGILENT (CONTRACT POSITION) | JUNE 2014 – SEPTEMBER 2014

Vigilent. A company making innovative, intelligent and environmentally friendly server room cooling systems

- Created a new customer service website built for Wordpress using a 100% custom theme

SENIOR WEB DEVELOPER (CONTRACT POSITION) | DECEMBER 2013 – JUNE 2014

Plantronics. Maker of high quality audio products for phones and call centers

- Developed microsites and sections of their public facing website using HTML, CSS, and JavaScript
- Quickly Learned JSP, Foundation CSS, and TeamSite CMS while on the job

Troubleshot and fixed code written by other developers

EDUCATION AND UNIVERSITY DEGREE

- Coding Dojo Bootcamp MERN stack (MongoDB, ExpressJS, React, Node.JS)
- University of London Manager's Toolkit course on workplace management
- Coding Dojo Bootcamp LAMP stack (PHP, MySQL, OOP, MVC, Ajax, Wireframes)
- Bachelor's Degree in Economics, University of California, Santa Cruz

AWARDS

- Received 9 unsolicited "Step Up" awards since 2017 from various Delta Dental stakeholders for being their hero in one way or another.
- Received a Scientific and Technical Oscar in 2003 awarded to Digidesign while working on their flagship audio editing suite
- Received a Technical Grammy in 2001 awarded to Digidesign while working on their flagship audio editing suite
